

CANTEEN MENU APP

AIM: To create a canteen menu page for a college canteen.

PROCEDURE:

- 1.To create required layouts.
- 2.To add the required texts.
- 3.Selecting the appropriate colors,fonts and font sizes.
- 4.To connect the texts with the appropriate layouts with the help of prototype.
- 5.Adding images wherever needed.
- 6.Finally watching the preview with the desktop view.

RESULT: Hence the design is completed and output is verified.
